If these ap peals all fail, as they do in a certain grade of character, what is the next thing? Turn the boy out of school and into the street, dooming him to the criminal class and the devil? Knew How to Vote Straight. An amusing story was Itold by one of a group of politicians at the Republican headquarters yesterday. The story also goes to show that Harry Bernstein had been rightly named and that he is indeed the "czar" of the sixteenth ward. "It was about two years ago," said the politician, "and a case was being heard in which certain charges relating.

to political maneuvers in the sixteenth ward had been made. "One of the voters of that ward was on the witness stand and he was being closely questioned.

"Who did you vote for?" asked the i squisitor. "Harry Bernstein," was the reply. "Who instructed you how to vote?"

was the next question.

"Harry Berustein,' replied the voter. "How did you cast your vote?" he was asked. "Why," replied the voter, 'I went into the little house and told the man there

to but a cross in the circle under the chicken with the short legs." "The voter had voted the straight ticket, and his description of the American eagle, which is found at the head of the ballot, was a new one on me."

Whenever one of those free silver cranks of 1896 bobs up and insists that the country is going straight to the bow-wows if certain things are or are not done, we remember that his prophecy of 1896, "that prosperity could not come under the gold standard" and St Louis Mo. then compare the existing conditions serious consideration for he don't know
